

Because it is you

The bag is not too conspicuous or too girly. Because it is you who shines, the bag does its job to enhance your everyday life.

TWO-WAY BACKPACK FROM HARVEST HILLS

Life is brighter

Life is brighter when you are blessed with freedom on what's possible with all your favorite items with you.

The background

Harvest Hills' two-way backpack was initially developed as a mom's bag, or so-called diaper bag.

When we conducted thorough interviews with moms and ladies who are keen to fashion and lifestyle, we came across essential factors not only for a diaper bag, but for an indispensable everyday bag in general.

The essentials are:

- Functionality and comfort with no sacrifice on the look.
- No constraints on scenes, outfits, and purposes.
- Not-too-girly, unisex design to help dads help moms.

The outcome was an ideal allrounder for all active ladies.

Confidence in the bag

Some of our customers include Isetan Mitsukoshi Holdings, the largest department store company in Japan, and ANA Airlines, an airline company awarded the most prestigious 5-star rating from Skytrax.

QUALITY

The bag quality has been proved by a renowned apparel inspection company in Japan. X-ray, visual, and hand inspections are performed before it's shipped.

Rucksack

Tote Bag
